

Use Case Report:

_____ Analysis of an Intercultural and Diverse Team _____

Report Structure (Suggestions)

Remarks:

The below structure is the **very detailed and complete** structure (*suggestions*).

You are free to change/reduce/update sections according to your report and your writing style.

The most important that you include all the needed details for the case description and analysis.

Main content shall be within 8-12 pages.

Additional Enhancement for Grading

Consider adding a small "Critical Reflection" component in each **major** section [you decide this]:
What assumptions are being made? What evidence supports them? What alternative interpretation exists?

Content:

Cover Page (The usual content including: Use Case Title, Group Number **Gx**, Group Members (names and M.No), Course Name, Instructor Name, Submission Date)

Table of Contents

List of Figures

List of Tables

List of Abbreviations

1. Executive Summary (½–1 Page) [optional]

Provide a concise overview of:

- The context and team
- Main challenge(s)
- Theoretical framework applied
- Key recommendations
- Main outcome

2. Introduction

Brief and general description. The below subsections are examples + suggestions you may reduce and change.

2.1 Background

Briefly describe:

- Organization or project environment
- Reason for selecting this case
- Relevance to intercultural and heterogeneous teamwork

2.2 Purpose of the Case Study

Explain:

- What is being investigated
- Expected learning outcomes

2.3 Scope and Limitations

State:

- Boundaries of the case
- Assumptions made
- Any limitations in available information

3. Use Case Overview

3.1 Case Summary

A brief narrative of the situation.

3.2 Context

Describe:

- Industry/organization
- Geographic setting
- Working environment (onsite, hybrid, remote)
- Team objectives

3.3 Stakeholders

Identify:

- Team members
- Managers
- Clients/customers
- Other affected parties

3.4 Goals

Business Goals

Examples:

- Deliver project on time
- Improve product quality

Team Goals

Examples:

- Improve collaboration
- Build trust

3.5 Preconditions

Conditions before the case begins.

3.6 Postconditions

Possible outcomes:

- Success scenario
- Failure scenario

4. Team Composition and Diversity Profile

4.1 Team Structure

- Team size
- Reporting structure

4.2 Cultural Diversity

- Nationalities
- Cultural backgrounds

4.3 Professional Diversity

- Disciplines
- Expertise
- Functional roles

4.4 Other Diversity Dimensions

Examples:

- Age
- Gender
- Personality Types
- Work experience
- Language proficiency
- Educational background
- Cognitive Competencies

4.5 Communication Characteristics

Describe:

- Direct vs. indirect communication
- High-context vs. low-context communication
- Preferred collaboration styles
- Passive, assertive, passive aggressive, aggressive ...

4.6 Conflict management Styles

Etc...

5. Detailed Case Narrative (if matching your case)

Present the case as a chronological story.

Phase 1: Team Formation

Phase 2: Initial Collaboration

Phase 3: Emergence of Challenges

Phase 4: Escalation or Resolution

Phase 5: Final Outcome

This section should clearly show:

- Events
 - Decisions
 - Behaviours
 - Reactions
 - Consequences
-

6. Problem Analysis

6.1 Main Challenges

For each challenge provide:

Challenge Description

What happened?

Root Causes (Culture, personality, etc..)

Why did it happen?

Impact

How did it affect:

- Team performance
- Relationships
- Productivity
- Project outcomes

6.2 Conflict Analysis

Describe:

- Type of conflict (task, relationship, process)
- Stakeholders involved
- Escalation factors
- Resolution attempts

6.3 Actions : to mitigate the conflict

7. Theoretical Analysis

7.1 Intercultural Theory Applied

Possible frameworks:

- Hofstede's Cultural Dimensions
- Hall's High/Low Context Theory
- Trompenaars Cultural Model
- Etc...

Theory Overview

Brief explanation.

Application to the Case

Explain exactly how the theory helps interpret team behaviour.

7.2 Teamwork Model Applied

Possible frameworks:

- GRPI Model
- Tuckman's Team Development Model
- Belbin Team Roles
- Etc..

Model Overview

Diagnosis Using the Model example:

Model Element	Observation
Goals	...
Roles	...
Processes	...
Relationships	...

8. Proposed Solutions and Improvement Strategies

8.1 Actions Taken

Describe actions already implemented.

8.2 Recommended Improvements

For each recommendation include:

Recommendation

Expected Benefits

Implementation Steps

Potential Challenges

Examples:

- Communication guidelines
- Cultural awareness workshops
- Team charter
- Role clarification
- Conflict-management process
- Shared collaboration tools

9. Outcome and Evaluation

9.1 Results Achieved

Evaluate:

- Team effectiveness
- Collaboration quality
- Goal achievement

9.2 Success Factors

What contributed to success?

9.3 Remaining Issues

What still needs improvement?

10. Reflection and Lessons Learned

10.1 Lessons for Team Members

10.2 Lessons for Project Managers

10.3 Lessons for Organizations

10.4 What Would Be Done Differently?

Reflect critically on alternative approaches.

11. Conclusion

Summarize:

- Main challenge
 - Key analysis findings
 - Most important recommendation
 - Key takeaway
-

References

Use a consistent citation style: preference : IEEE

Include: Academic papers, Books, Course materials, Reliable industry sources

AI Usage Declaration

Specify:

- AI tool(s) used
- Purpose of use
- Extent of generated content
- Verification process performed by authors

Appendix

May include:

- Team diagrams
- Communication samples
- Screenshots
- Survey results
- Framework templates
- Risk matrices
- Additional figures or tables
